PVC / HDPE PIPE LEGS

Turn your existing PVC or HDPE pipe into a durable backyard rail with our custom bolt-on pipe legs.

Designed for quick and easy installation, these steel support legs securely mount to the underside of your pipe, creating a stable, professional-looking feature for your backyard terrain park setup.

Features

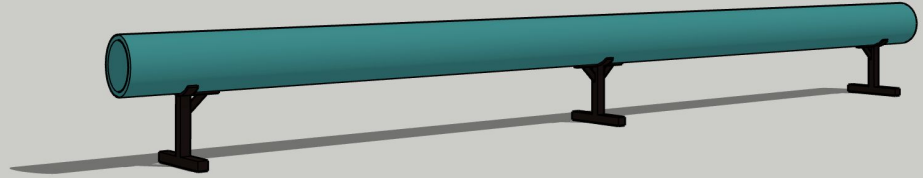

- Heavy-duty steel construction
- Custom-built to fit your pipe diameter
- Custom rail heights available
- Includes mounting hardware
- Easy bolt-on installation
- Optional side skirting available
- Built to withstand seasons of backyard riding
- Designed and fabricated in Canada

Requirements

- Existing PVC or HDPE pipe (pipe not included)
- Drill
- $\frac{5}{8}$ " drill bit for installation

Please Include in Your Quote Request

- Pipe diameter
- Pipe length
- Desired rail height
- Leg colour
- Side skirting colour (if applicable)

Optional side skirting available

Simple bolt-on installation using included hardware
